Timetable

May 25, 2009

Ca. 18:30 Get together of the participants, dinner and relaxed discussions.

| May 26, 2009 | | May 27, 2009 | | May 28, 2009 | |
|---------------------|--|---------------------|---|---------------------|--|
| 08:30- 10:00 | General introduction, economic considerations | 08:30- 10:00 | Magnetic properties | 08:30- 10:00 | Electrical properties |
| 10:00- 10:30 | Coffee break | 10:00- 10:30 | Coffee break | 10:00- 10:30 | Coffee break |
| 10:30- 12:00 | Consequences of small particle size | 10:30- 12:00 | Optical properties | 10:30- 12:00 | Selected chapters of nanotechnology |
| 12:00- 14:00 | Lunch | 12:00- 14:00 | Lunch | 12:00- 14:00 | Lunch |
| 14:00- 15:30 | Synthesis of nanoparticulate materials | 14:00- 15:30 | Nanotubes and related structures | 14:00- 17:30 | Presentation of the projects |
| 15:30- 16:00 | Coffee break | 15:30- 16:00 | Coffee break | | |
| 16:00- 17:30 | Catalytic and mechanical properties, surface and surface related properties | 16:00- 17:30 | Project work in groups supported by the lecturer | | |
| 18:00- 19.30 | Dinner | 18:00- 19.30 | Dinner | | |
| 20:00 | Relaxed discussions | 20:00 | Relaxed discussions | | |

Comments of the Participants

I am very satisfied. It was interesting. Thank you.

Olgierd Matuszewicz, acolma GmbH, Berlin, Germany

The Nanomaterials Course was an excellent technical presentation of current nanomaterials and nanotechnology. The course helped me clearly to understand the way nanotechnology and nanomaterials are used, and the potential it offers in a variety of sciences and applications.

Bernard Kosowski, MACH I Inc., King of Prussia, USA

My impression in total was very good!

Yassar Ghanimi, Andritz AG, Graz, Austria

It was very interesting, helpful and opened new doors in my mind. The place, where the course was, was very nice and well chosen.

Christian Maier, Fronius, Wels-Thalheim, Austria

My impression in total was excellent.

Yasser M. Al-Angari, King Abdul Aziz University, Jeddah, Saudi Arabia

Die Kursunterlagen eignen sich gut zum Selbststudium.
Sehr schönes Hotel, in dem Gastlichkeit und persönliche Betreuung einen hohen Stellenwert hat. Absolut empfehlenswert.

Melanie Todt, Institut für Leichtbau u. Strukturbio mechanik, TU-Wien, Austria

My impression in total was very good.

Bogdan S. Vasile, University Politehnica of Bucharest, Romania
